EVENT REPORT

TITLE OF EVENT	GRE WORKSHOP
DATE OF EVENT	30.03.2022
IN COLLABORATION WITH	Duf6 Technologies
NO OF PARTICIPANTS	20
DESCRIPTION	<p>The event commenced with the principal addressing the assembled audience and extending a warm welcome to the guest. Following this, the Head of the Department (HOD) introduced the guest and then handed over the platform to the speaker. The speaker initiated the session by outlining the objective, which was to explore the trends in high-impact studies within the field of pharmacology and pharmacy research. The aim was to generate valuable insights to guide future research endeavors in this area. The participants displayed enthusiasm and actively raised questions and concerns, which were addressed by the speaker. They gained knowledge and, towards the conclusion of the session, the speaker presented the findings derived from the research. To wrap up the event, the HOD expressed gratitude and appreciation, and the guest was honored with a token of recognition.</p>

TITLE OF EVENT	A talk on "Industrial trends in cyber security"
DATE OF EVENT	21.10.2021
IN COLLABORATION WITH	Global e Smart Technologies
NO OF PARTICIPANTS	16
DESCRIPTION	Moonray Institute of Pharmaceutical Sciences conducted a workshop on "Industrial trends in cyber security" on 21.10.2021, under the auspices of the HOD. The workshop, facilitated by Mrs. Vinitha, aimed to familiarize participants with the Industrial trends in cyber security, research and drug development. The event commenced with an insightful overview of the software's features and functionalities, followed by hands-on training sessions that provided attendees with a practical understanding of data input, analysis, and interpretation using Industrial trends in cyber security. The workshop's success was underscored by its emphasis on experiential learning, empowering participants with practical skills in utilizing. Mrs. Vinitha's expertise and the interactive nature of the session ensured that attendees left with valuable insights and a heightened ability to apply cyber security in their academic and research pursuits.
