**4.3.1**

**Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection**

**Institution IT Policies & Guidelines:**

Availability and usage of cutting-edge Information Technology (IT) resources and infrastructure of an organization make its product and process qualitative as well as effective. High-end IT infrastructures have become the most significant resources in technical educational Institutions.

Realizing the importance of these, took the initiative way back and established a basic network infrastructure on the campus. Over the last 6 years, the active users of IT amenities as well as web-based applications have amplified many folds. As of now, the Institution has network connections spreading over the building on the campus.

There are well-established internet and intranet facilities on the campus.

 The whole academic campus is now Wi-Fi enabled. The total bandwidth available at 100 Mbps.

College is proposing to have its own IT Policy that works as a guiding principle for using the Institute's computing facilities including computer hardware, software, email, information resources, intranet and Internet access facilities, collectively called "Information Technology". The need for such an IT policy is as follows:

To establish, expand, maintain, secure, and ensure the legal and appropriate use of Information technology infrastructure on the campus.

Strategies and responsibilities for protecting the Availability, Confidentiality, and· Integrity of the information possessions that are accessed, created, managed, and/or controlled by the Institute.

**Moonray IT policy is applicable to technology administered by:**

1. The Institute centrally

2.The individual departments

3.To information services provided by the administration, or by the individual departments

4.Individuals of the organization community.

5.Authorized resident or non-resident visitors on their own hardware connected to the institute network.The central administrative departments such as the Library, Computer Centres Laboratories, and Offices

of the Institute. wherever the network facility was provided by the Institute.

**The major IT infrastructures to which the stated policy is applicable are:**
