Ph: 08548-213259, Mobile: 9985119801, 9000004806, 9989456507

5.4.1 There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

Each and every graduate student of our college joins our alumni community. The college has reunions for its alumni each year. Alumni speak with current students about their experiences during the alumni meeting.

The Alumni Association creates and preserves a lifelong relationship between the Institute and its former students. The Alumni Association aims to foster connections between alumni, support students, and create a lasting impression of the university through a range of events, initiatives, and services.

One of the easiest ways to stay in touch, support the Institute, and serve as a springboard for more involvement is through the Alumni Association. Members of IQAC collect and compile alumni comments.

The implementation proposals are the remarks and suggestions provided by alumni during the Governing Body meeting.

Chosen alumni are invited to share ideas during IQAC and Academic Council sessions. All suggestions and counsel from former students are thoroughly examined for the purpose of enhancing the organisation and are implemented after receiving committee approval.

ALUMNI CONTRIBUTION: The university acknowledges the importance of alumni contributions in advancing its goal of education.

1. Information and skill sharing among students through workshops aimed at developing their competencies.
2. Presenting pupils with job opportunities.
3. Conducting hiring events for their businesses
4. Scholarships for underprivileged, disadvantaged students
5. Books donated to the College Library
6. Equipment donation to the college.
7. Creation of a Plantation Herbal Garden
8. Encouragement of laboratory development
