Name of the Activity	SAVE SOIL MOVEMENT-SADHGURU VISITS TO MAHARASHTRA	
Type of Activity	Awareness campaign	
Date and Time of Activity	16/06/2022	--
Details of Participants	Students and Faculty	
Coordinator(s)	Ravi	Parimala
Organizing Dept./Support System	NSS department	
In collaboration with	NSS UNIT	
Description	<p>Save Soil is a global movement launched by Indian spiritual leader Sadhguru to address land degradation and advocate for healthy soil. The initiative was presented on 5 April at the United Nations in Geneva by the Isha Foundation and supported by the WHO, UN SDG lab, and IUCN.</p> <p>The Isha Foundation, an IUCN Member, launched the 'Journey to Save Soil' in London on 21 March, setting its founder Sadhguru off on a 100-day motorcycle journey through 26 countries to raise awareness about soil degradation and advocate for bringing organic matter back to agricultural processes.</p> <p>Soil degradation is the physical, chemical and biological decline of soil quality. Caused by unabated deforestation and urbanisation, industrial pollution, overgrazing, and unsustainable agricultural practices, half of the world's soil is already degraded. This loss threatens food quality and supply, water security and biodiversity, increases carbon emissions and climate related risks, and can lead to loss of livelihoods, conflict and migration. A change in farming practices has never been more urgent.</p> <p>As a part of this campaign Moonray Institute of Pharmaceutical Sciences students and staff also participated in the movement and Sadhguru's visit and planted few trees</p>

<b>Description</b>	<p>Most plastics we use today continue to be made from fossil fuels in a process that contributes to increased greenhouse gas emissions from their production, their use, through to their disposal. Recycling rates also remain low and plastics continue to pose a threat to our environment, through littering, improper waste management, and the wear and tear of products contributing to microplastic contamination in the environment. Plastics, including their chemical additives, can stay in nature for many years and potentially enter the food chain. In the wake of growing public demand, a number of manufacturers have introduced plastics that are considered bio-based, compostable or biodegradable. However, the market share for these types of plastics is only about 1 %.</p> <p>Biodegradable and compostable plastics are supposed to reduce the pollution problem posed by plastics, however, they still need to be correctly disposed of, an important point often not well understood by consumers, the EEA briefing says. For example, biodegradable and compostable materials can be broken down by microorganisms into water, carbon dioxide, mineral salts and new biomass within a defined period of time.</p> <p>In this awareness campaign Moonray Institute Of Pharmaceutical Sciences students and staff visited one of the village near and created awareness about the bags and how these bags are safe to environment and threats posed by using plastic bags</p>

## LAKE CLEANING PROGRAMME-2019

### ACTIVITY REPORT

Name of the Activity	LAKE CLEANING PROGRAMME	
Type of Activity	Service	
Date and Time of Activity	18-09-2021	10:30 am—04:30 pm
Details of Participants	All staff and Students	
Coordinator(s)	NSS- CO-ORDINATOR	Saleem
Organizing Dept./Support System	All Department HOD'S	
In collaboration with	NSS UNIT	
Description	<p>"Let's stop arguing over whom we think created the Earth and join forces to resist those who want to do it harm." With the help of the Moonray Institute of Pharmaceutical Sciences NSS team, led by Saleem, faculty, and students, launched a massive mission to clean the Lake in on September 18. Therefore, the objective attempts to remove waste materials such lily pads, creepers, scum, water plants, and other weeds from the water body. We are grateful for the efforts made by the entire team to clean the lake. With participation certificates, the management has shown its appreciation for the work of the faculty and employees.</p>

## SAY NO TO PLASTIC 2019

### ACTIVITY REPORT

Name of the Activity	SAY NO TO PLASTIC	
Type of Activity	Social Service	
Date and Time of Activity	09-09-2019	10.30AM to 12.30PM
Details of Participants	All faculty and students	
Coordinator(s)	NSS- CO-ORDINATOR	Sateesh
Organizing Dept./Support System	All Department HoD's	
In collaboration with	NSS UNIT	
Description	<p>The dangers that plastics pose are numerous. The becomes littered with plastic bag garbage, presenting an unsightly and poor sanitary conditions sight. As a result of the "throw-away culture," these bags end up in the city. On September 9th, 2019, the Moonray Institute of Pharmaceutical Sciences held an awareness rally from campus to signal titled "Say no to plastic." The principal, vice-principal, staff, and students all took part and explained the effects of plastic on current and future generations. Congratulations to NSS Coordinator Mr. M. Anil and the SAC team for organizing this event, and we hope to see more of you in the future.</p>

<b>Description</b>	<p>Our college arranged tree planting initiative to raise public awareness about climate change and its negative effects on us. The principal of our institution, Dr. M. Balaji, was the guest of honor for this tree planting programme, which began at 2:00 in the afternoon. A range of 200 plants were planted in the school garden and periphery of the college playground to create awareness about saving trees. Students planted many saplings and it contains medicinal properties. The program ended at 4:00 p.m. the students pledged to plant as many trees as possible near our areas so as to create a very healthy environment and contribute in minimizing the climatic changes. We hope that everyone will plant a tree at least once in their lifetime to help preserve the environment.</p>

<b>Description</b>	<p>Moonray Institute of Pharmaceutical Sciences celebrated "WORLD NATURE CONSERVATION DAY" on July 28, 2020. All of the staff and students had planted the plants at their homes on this occasion.</p> <p>On this occasion, our chairman, , took the initiative and planted a plant. He delivered a speech in which he encouraged everyone to plant at least one tree each year in order to create a pollution-free society.</p> <p>This programme was delivered entirely online. The majority of the faculty illustrated their interest by planting trees in their immediate surroundings.</p>
